

Symphony

Ulrik Munther

I was looking for a pot of gold
Chasing rainbows, oh oh
I saw summer turn to snow
I got cold, so cold
And in the morning breeze
You came to me
The world is like a symphony
The mountain's like the melody
Singin' nah nah nah
Singin' nah nah nah
Just for me
Down a long and windy road
I've been walking, on my own
And I've been calling this road my home
Like a fool, I was wrong

In the morning breeze
You came to me
The world is like a symphony
The mountain's like the melody
Singin' nah nah nah
Singin' nah nah nah
Just for me
Just for me
The world is like a symphony
The mountain's like the melody
Singin' nah nah
Singin' nah nah nah
Just for me, yeah
Just for me, yeah
Singin' nah nah nah
Nah nah nah
Just for me
