That's Just Me

Blaine Larsen

I don't like gettin' up too early
I like stayin' up watchin' late night TV
Sometimes I get my kicks from Dave's stupid human tricks
Oh, but that's just me, that's just me
I've never been one for watchin' movies
Unless I could do it with a guitar on my knee
I think they should always end where the good guy always wins
But that's just me, that's just me
Tacoma born, family proud
Raised up with the river crowd
Under the shade of a big evergreen tree
I'm just an everyday average simple man
Trying to be true to who I am
That's just me, that's just me
I don't get all this hip-hop country music
Have you seen the way they dress on CMT
I think what we need is more Alan, Brad, and George
But that's just me, that's just me
Tacoma born, family proud
Raised up with the river crowd
Under the shade of a big evergreen tree
I'm just an everyday average simple man
Trying to be true to who I am
That's just me, that's just me
I'm just an everyday average country fan
Trying to be true to who I am
That's just me, that's just me
Yeah, that's just me, that's just me
