

# Bed On the Floor

Woody Guthrie

Make me a bed right down on your floor  
Make me a bed right down on your floor  
I'll lay my head in a bed on your floor I'm a poor lonesome boy, I'm a long way from home  
I'm a poor lonesome boy, I'm a long way from home  
I'll lay my head in a bed on your floor The sheriff's on my trail with a big forty-four  
The sheriff's on my trail with a big forty-four  
I'll lay my head in a bed on your floor Clock strikin' midnight and daylight to go  
Clock strikin' midnight and daylight to go  
I'll lay my head in a bed on your floor
