High Enough

Lisa Marie Presley

Can you bring me another
I'm not there yet
Do I seem to remember
How much 'til I forgetOoh, I can't get high enough, lighten up, nice enough
Can you hear me now
"cause I'm not doing fine
I'm drowning in my mind again
Oh why... ooh, does what I've done
Take so much to disappearCan I, ooh, can I stand up
Help me from this chair
I was the life of the party
Or so you tell meOoh, I can't get high enough, lighten up, nice enough
Can you hear me now
"cause I'm not doing fine
I'm drowning in my mind again
Oh, why - ooh, does what I've done
Take so much to disappearCan you hear me now
"cause I'm not doing fine
I'm drowning in my mind againCan you hear me now
"cause I'm not doing fine
I'm drowning in my mind againCan you hear me now
No, I'm not doing fine
I'm drowning in my mind againCan you hear me now
No, I'm not doing fine
I'm drowning in my mind again
