One In a Million

Steve Miller Band

Oh, I'd like to be like a bird up in the sky
Hoppin' from branch to branch and learning to fly
I'd fly right over the hill
Right to your window sill, your window sill
I'm just crazy about you darlin'
You're one in a millionOr I'd like to be like a fish down deep in the sea
Swimmin' from canyon to canyon and feeling free
I'd pull up on your line
Let you catch me any time, any time
I'm just crazy about you darlin'
You're one in a millionOr I'd like to be like a great big bumble bee
I'd live in a hive that was hangin' from your tree
I'd make sweet honey for you
That's just what I would do, only for you
I'm just crazy about you darlin'
You, you, you
You're one in a million
