

Forever Glow

Feeder

I wanna watch you glow
I love to see you glow
I wanna see the sun shine out
And heal the aching bones
I wanna set you free
Find sweet harmony
Cause I can see a rainbow now
Smiling through the treesGlow, glow, forever glow
Glow, glow, forever glowI wanna let you know
Let the river flow
Find that place to be
Set your spirit free
Lighten up the shade
Bring color to the day
A perfect kind of you
A perfect kind of meGlow, glow, forever glow
Glow, glow, forever glow
