

# Cradle To The Grave

## Five Finger Death Punch

The blood that runs within my veins (the blood that runs within my veins)  
Keeps me from ever ending up the same (ending up the same)The fire that's pushing me on and on and on (on  
and on and on)

To me it's everything and it makes me fucking strongLove me or hate me (I walk alone)Been called a monster,  
called a demon, called a fake (called a fake)

I'm not an idol, not an angel, not a saint (I'm not a saint)I walk alone, I always have, I'm not ashamed (not  
ashamed)

A living nightmare from the cradle to the graveThe soul that lives within my chest (the soul that lives within my  
chest)

Just won't allow me to turn out like the rest(turn out like the rest)  
This heart that's driving me on and on and on (on and on and on)

Has the same vision and it keeps me fucking strongLove me or hate me (I walk alone)Been called a monster,  
called a demon, called a fake (called a fake)

I'm not an idol, not an angel, not a saint (I'm not a saint)I walk alone, I always have, I'm not ashamed (not  
ashamed)

I've always been a living nightmare from the cradle to the graveI walk aloneBeen called a monster, called a  
demon, called a fake (called a fake)

I'm not an idol, not an angel, not a saint (I'm not a saint)I walk alone, I always have, I'm not ashamed (not  
ashamed)

A living nightmare from the cradle to the grave (I walk alone)Been called a monster, called a demon, called a  
fake (called a fake)

I'm not an idol, not an angel, not a saint (I'm not a saint)I walk alone, I always have, I'm not ashamed (not  
ashamed)

I'll always be a living nightmare from the cradle to the grave
