

Baby Come to Me

Regina Belle

Silver moon shining on my bed beside my pillow
Light the pathway to bring that man to me
Oh, ooh, something tells me
My words are goin straight to his heart
And ooh, somethin tells me
You will be all mineBaby, come to me, cause I love you
Thinkin of you, ohh
Baby, come to me, gotta have you
You got it goin on, you turnin' me on
Baby, come to meKnow a secret how to make you want me
How to make you love me, whoa
Sure as theres a moon above
Its a friend of mine, it still makes you burnSaid, ooh, ooh, something tells me
The fire's goin right up your spine
Whoa, ooh, somethin tells me
You will be all mineBaby, come to me
'Cause I love you, thinkin of you, oh
Baby, come to me
Gotta have you, you got it goin on, youre turnin me onBaby, come to me
