Cowboy Joe

Ufo

(instrumental)
I'm not looking to change your mind,
There's a place, call it home
It's no secret, the world unwinds
Maybe now you're not alone
It's just another day
In the life of cowboy joe
Straitlaced to the bone
(this story will not play?)
You take the wheel and play the chance
Suddenly the room's divided
As in the way of true romance
It's always undecided
It's just another day
In the life of cowboy joe
Shipwrecked to the bay

(this story will not play?)
Every time he climbs back up
Smacked down with a dime
It's evens or odds now
Just ran out of time
(instrumental)
Love's a struggle, there's a fight
No bone of contention
So unhappy, well here's the bite
That's the mother of invention
It's just another day
In the life of cowboy joe
Strange place to play
It's just another day
In the life of cowboy joe
(fade out)
