

Cologne

Dolly Parton

You ask me not to wear cologne
Shell know youve been with me alone
And you cant take our secret home
So you ask me not to wear cologne You can wipe the make up off
The lipstick or a little gloss
But fragrance lingers on and on
So you ask me not to wear cologne You leave my bed and go to hers
Leaving me alone and hurt
I love you whether right or wrong
And you ask me not to wear cologne Im not out to hurt someone
Not you, not her, not any one
But I got heartaches of my own
Why, I cant even wear cologne Oh but I never meant for this to be
It wasnt in my heart to cheat
Love has a nature all it's own
So I willingly gave up cologne And every time you come to me
I realize Im in too deep
I know you love us both and I keep holding on
You ask me not to wear cologne You say, Dont wear cologne Oh now what am I ever gonna do
Cause I am so in love with you
I know you love us both
But where do I belong
You ask me not to wear cologne You ask me not to wear cologne
Shell know youve been with me alone
And you cant take our secret home
So you ask me not to wear cologne How do I walk away from the greatest love Ive known
You ask me not to wear cologne
Oh you ask me not to wear cologne You ask me not to wear cologne
Shell know youve been with me alone
And Im a scent you cant take home
But will I ever get to wear cologne
