

In Pursuit (single version)

The Boxer Rebellion

Together again
We're lost into
The ride of the grins
Changing
Black and blueMy oh my oh I've
Lost it again
My oh my oh I've
Lost it againSpeaks odd little thoughts
In fits and moods
The endings of love
Through your pulse and grooveMy oh my oh I've
Lost it again
My oh my oh I've
Lost it againOh a surrender
He's got to lead the strangers
These eyes that bat
The gun that shoots
I'm In Pursuit
I'm In PursuitDouble takes
Just run low
Its fine
A new flowsSo we'll run away
We'll run away, away, away!Oh a surrender
He's got to lead the strangers
These eyes that bat
The gun that shoots
I'm In pursuit
Im in pursuit
Together again
We're lost into
