

# Love You Madly

## Monty Alexander

I don't want to wonder  
If this is a blunder  
I don't want to worry whether  
We're gonna stay together till we dieI don't want to jump in  
Unless this music's thumping  
All the dishes rattle in the cupboards  
When the elephants arriveI want to love you madly  
I want to love you now  
I want to love you madly, way  
I want to love you, love you, love you madlyI don't want to fake it  
I just want to make it  
The ornaments look pretty  
But they're pulling down the branches of the treeI don't want to think about it  
I don't want to talk about it  
When I kiss your lips  
I want to sink down to the bottom of the seaI want to love you madly  
I want to love you now  
I want to love you madly, a way  
I want to love you, love you, love you madlyI don't want to hold back  
I don't want to slip down  
I don't want to think back  
To the one thing that I know I should have doneI don't want to doubt you  
Know everything about you  
I don't want to sit across the table from you  
Wishing I could runI want to love you madly  
I want to love you now  
I want to love you madly, a way  
I want to love you, love you, love you madly
