Graveyards and Dead Angels

Goatwhore

Advisory - the following lyrics contain explicit language:

In The Shadows Of The GraveyardsBirthed From The Burning Womb
From The Dead Seas A Leader Is Born
The Birds Fall Dead From The Skies
Unholy Son Shall RiseLet Me Roam In The Shadows Of The Graveyard
I Cruch The Wings Of Angels Beneath My Feet
Candlelight Dances Through The Darkness
Angels Aflame Scream To The Midnight Skies
In The Shadows Of The GraveyardThe Tongue Of The Serpent... Ablaze
Destroying All The Holy
Maggots Seek The Light Of God
Descending Angels AflameDark Destiny Together
Rising Army From Darkness
Empty Black Souls Of Impure
At One With ShadowsThe Blackened Seas Swallow The Heavens Whole
The Skies Are Consumed By Flames
The False God Has Arisen Through The TrinityTo Bring The Downfall Of God And LightGreat Steeds Trample
Their Hallowed Bodies
Crushing The Virtues Of All That Beg For ForgivenessWhere Feasts Are Held In All Praise
Empires Rise To Fall
Porcelain Faces Crushed By Legions
A New Kingdom Born
Eternal Night To Reign Forever
From Ashes Of Desolate Faith
In The Sky The Kingdom Loathes
The Choirs Of The Damned SoundingChurning The Wings To Flames
Igniting Our Armies Delight
A Ravens Call To Sadness
Journeys To Darkened FortressesThe Lands Covered With Desecrated Dreams
Chanting Calls Of Freedom Sound
Dark Serenades Enshroud The Tombs
Retribution Is Now At Hand
Eye Of The Moon Illuminates

The Winds That Carry Their Cries
Crystal Seas Blows Through The Hallowed Skies
Destroyed Centuries
