# Nobody

## Niia

I don't even like your type of pain
You don't even ask me what's my name
We just fit together like wet on rain
Hey, leather jacket wait up
Hold the elevatorSome nights I'm like
Am I am I alive
Am I alive
Cause you feel like a dream
Cause I can't even take it
Too much too much to loose
Too much to loose
I just got to tell ya
Nobody does it better
Oh tonight were gonna start a fire
Gonna burn it all night
Come inside the flame feel the heat of desire
Nobody takes me higher
Nobody takes me higherNo nobody
Its you and me you and me all night
No nobody
You and me under the sun light
No nobody
You and me you and me all night
No nobody, no nobodyI don't even care what time it is
I want to play mr. and mrs
I don't even care whatever else there is
Bruise me like a heartache
Drink me like a milkshake
Some nights I'm like
Am I am I alive
Am I alive
Cause you feel like a dream
Cause I can't even take it
Too much too much to loose
Too much to loose
I just got to tell ya
Nobody does it betterOh tonight were gonna start a fire
Gonna burn it all night
Come inside the flame feel the heat of desire

Nobody takes me higher
Nobody takes me higherNo nobody
Its you and me you and me all night
No nobody
You and me under the sun light
No nobody
You and me you and me all night
No nobody, no nobody
