## Dilated Peoples

First up and fly like I'm study riley  
Same sky that I'm flying like our buddy Halley  
Back from tour with our brother Ally  
On my fella shit, shit, bumping five a clock falley  
I got something to say  
Sometimes I'm colorful, sometimes I'm gret  
We get cancel 20 time in day  
We just strong enough to brush it off and hear when we pray  
The truth revil what it may  
Tumbeling nd roll dice, dice clay  
Bad caught nothing nice to play  
California nights with gambel but I stay  
They say home is where you hang your hat  
Well I ain't hanging up that  
There's no time to relax, only time to react  
Is dilated for life, I like to walk in his back  
Directions,  
First to lied up the perfect calley  
I could ride skateboards but I could never alley  
Fist to war like my homlet army  
Shake the future like cash and cley  
Mean time the Salvador climbing  
The world spins throw my lance  
I focus now, start wandering through my sins  
Fish out, birds our views farther'  
High definition, high resolution'  
Riding for celebrating the game now  
Like being a satellite, make some parades  
Danger in their pimp, all the dancing, all they fighting  
I block all they ...then I just like it  
Don't believe I touch under '  
Til they see the miracle pictures then I'm fighting  
We just capture the fact, that we never less  
I like to welcome this back,  
Directions  
I am the director as long you were concern  
I am the director as long you were concern  
I am the director as long you were concern  
I am the director as long you were concern

I am the director as long you were concern  
I am the director as long you were concern  
I am the director as long you were concern  
I am the director as long you were concern  
I am the director as long you were concern  
I am the director as long you were concern

I am the director photography

I am the director as long you were concern
