

# The Addict (Pablo Nouvelle Remix)

Bo Saris

How can you call youself a player  
when you're just half far from man  
you truly feel that your the savvier  
and my wish is your command  
your driving out to the dessert  
figure out the masterplan  
feels like you're in heaven  
but in reality it's just dust and sand  
Stop it  
turn on  
figure it out  
tell me  
the reason  
why you're in doubt  
I'll help you out  
watch out for the addict  
he's always trying to brake you down  
watch out for his madness  
cause it's hard to turn back around  
eaven with a love so strong  
he'll come drag you of he's charm  
watch out for the addict  
he's always trying to brake you down  
down, down, down, do-own  
ohh  
i slowly watched you moving closer  
to a world without a home  
so many times i thought i'd save you  
but you just slip right through my hands  
stick in a game of hazard  
when no one is wining it  
but i would never leave you stranded  
i'll stand a fight and do what I can  
Stop it  
turn on  
figure it out  
tell me reasons why you're in doubt  
I'll help you out  
watch out for the addict  
he's always trying to brake you down  
watch out for his madness

cause it's hard to turn back around  
Even with a love so strong  
he'll come and drag of he's charm  
watch out for the addict  
he's always trying to brake you down,  
down, down, down,  
yeah  
do-own  
yeah  
down  
ohh Watch out for the addict  
he's always trying to brake you down  
watch out for his madness  
cause it's hard to turn back around  
even with a love so strong  
with a love so strong!  
he'll come and drag of he's charm  
watch out for the addict  
he's always trying to brake you down,  
down,  
gonna brake you down!  
down Watch out for the addict  
he's always trying to brake you down  
better believe it!  
watch out for his madness  
cause it's hard to turn back around  
watch out for his madness!  
even with a love so strong  
even with a love so strong!  
could he drag you of his charm  
watch out for the addict  
he's always trying to brake you down,  
down, down, down, do-own  
watch out oh watch out!  
watch out!
