Rolling On

Peter Wolf

You can lay down and dieYou can lay up and count the tears you've cried
But baby, that's not me
There's a big, wide world I was born to see
And I'm rolling on
Leaving hard times back behind me
Moving on
Down the road is where you'll find me
Right or wrong
Take nothing to remind me
I'm going strong
Won't be a tie to bind me
Tell me, do you want a ride?
I've seen restless feelings you can't hide
Time to make a getaway
Side by side and come what mayAnd I'm rolling on
Leaving hard times back behind me
I'm moving on
Down the road is where you'll find me
Right or wrong
Take nothing to remind me
I'm going strong
Won't be a tie to bind me
Don't wanna fade away, let the world run over me
I'm taking off straightaway, side by side and come what may
And I'm rolling on...
I've got miles on this heart
But I've never been afraid to start
Cut it loose and set it free
Straight from here to eternityAnd I'm rolling on
Leaving hard times back behind me
I'm moving on
Down the road is where you'll find me
Right or wrong
Take nothing to remind me
I'm going strong
