Violent Shiver

Benjamin Booker

Where I'm going, I'm going
Where I'm going, I never know
Into the fire I thought you upon me lover
When I cried you didn't die ever in my heart
Try to pass test the same
I try to break it with no shame
Oooh ooh ooh ooooh oohExhale her or breathe in and return to center
Fuck it up on a five-year bender
I can know that just I'll never leave her
Please won't be the same
Oooh ooh ooh ooooh oohWe found a way, we found a way
We found a way, a way
We found a wayWhat she's knowing, I'm knowing
What she's knowing I'll never know
Turn it all
Going now across the mighty river
All the way for the last pillar
Make a mark for me in the snow and
Weeds above the bar
Oooh ooh ooh ooooh oohLet's go down
Nuff talk with a violent shiver
Talk fast you always deliver
Farther they will come tonight, just remember what I said
Oooh ooh ooh ooooh oohWe found a way, we found a way
We found a way, a way
We found a way
