My Chemical Romance

You don't know a thing about this life
And we are up for everything it takes
To prove we're not the same as them
And we will wear our masks
Again out after dark
'Cause we are up for everything it takes

And we are not the same
'Cause we are not afraid
And we are not ashamed

And if you save my life
I'll be the one who drives you home tonight
And if they ever let you down
I'll be the one who drives you home tonight

Never want to walk this kind of life
Quietly I'll sleep behind the wheel
And passing every place you see
But first I'll
Taking every piece as you walk by
Proving that we follow my mistakes

And we are not the same
'Cause we are not the same
And we are all to blame

And if you save my life
I'll be the one who drives you home tonight
And if they ever let you down
I'll be the one who drives you home tonight
You home tonight

It's dropping you down
It's dropping you down
It's dropping you down
It's dropping you down
It's dropping you down
'Cause it's dropping you down
And it's dropping you

Dropping you down

And you don't know a thing about this life
And you don't know a thing about this life
And you don't know a thing about this life
'Cause you don't know a thing about me
You don't know a thing

And if you save my life
I'll be the one who drives you home tonight
And if they ever let you down
I'll be the one who drives you home tonight
You home tonight
Drives you home tonight

'Cause it's dropping you down
'Cause it's dropping you down
'Cause it's dropping you down
'Cause it's dropping you
Dropping you
Dropping you down down
