

Love the Light

Ronnie Freeman

I met a man who lost it all
Ten years ago, just like the fall
He gave in and did it his way
Traded his peace for shadows and shame
Now ten years later, with scars to bare
Hes climbing back out of his pit of despair
It is no trouble for him to see
His need for a savior, His need for mercy cause (Chorus)
HE LOVES THE LIGHT
HES NOT ASHAMED
HES NOTHING TO HIDE
EVERYTHINGS CHANGED
VOICES STILL CALL HIM
BACK TO THE NIGHT
BUT HES STANDING STRONG NOW
CAUSE HE LOVES, HE LOVES THE LIGHT
Hes learning to dance, learning to sing
Hes seeing colors hes never seen
You wont hear deny who he used to be
Hes an open book for the world to read
