

# Forget You

## Distorted Penguins

You really suck, you suck alot  
You think you're cool, but you are not  
You are as dumb as a box of hair  
Here is a quarter, go call someone who cares  
Why do you pity youself like this  
Help fend off your sister  
I don't wanna kiss her again  
You really suck, you suck alot  
Think I'm your friend, but I am not  
Please, get away  
You don't make my day  
Forget you - Forget your mother too  
Forget you - Forget your brother too  
Forget you - Forget the other two  
Forget you - Forget your mother too  
You are a curse you've got some foul ass luck  
What makes you so helpless, you stupid shmuck  
You're just another fool going to my stupid school  
You're no exception to the rule  
So all that I can say is forget you  
Please, get away  
You don't make my day
