

Kill Or Be Killed

Twisted Sister

Evil's comin', fight the fire, push has come to shove
Let's all pray, we need the help of death from up above
We must fight, we won't surrender, the king will never change
Hold the line, there's no contender, the outcome's prearranged
CHORUS: It's killed or be killed, live or let die
Kill or be killed, though you don't know why
It's kill or be killed, rock or let roll
Kill or be killed, burn or save your soul
Death is certain and there's no question, life's not quite you see
Pick your path and make decisions for eternity
Choose your weapons, this war started long before you came
Fight the good fight, let's be sure they'll never rise again
REPEAT CHORUS
Solo - Jay Jay
Don't sleep in the
fire, have faith and desire
Then fight for your life and be free
REPEAT CHORUS (twice)
