[Hook]

We Finally Made It

Told my momma we ain't gotta stretch nomoe

Nomoe unemployed checks nomoe

I swear imma get her that big hz with that flexin gate

Nomoe section 8

Cause We Finally Made It

We made it [2x]

I know Teezy would of been proud of me

That's why he still living inside of me I say we made it

We had to brand ourselves

Cuz we ain't basic

In my pocket there's a phonebook

Alotta pages

Got cho address so don't play me

I'll have yo momma tryna even out yo cases

I'm playing wide both legs

Fuck with her she bow leg

Feelin on her booty

Like damn that's fake them booty shots

He cuffin bitches po legs

I been rolling for life for days

She wanna suck my dick go head

I been to hell and back no set

I remember making a palace in the weirdest places

Fuck nigga put us out

Momma always told me remember faces

And I can't spit soft

I gotta go the hardest

I tell em trade up bitch [Hook] I need to see a doctor cause I'm sick been spittin

Plus I got alotta partners in the pin and they did

Cause I'm viscous and I'm like a snake

I wrap around then and spit venom

And I killem

And I stay down with my hustle

Yuin know my struggle

My momma worked a double

Juss so I can have double

I couldn't take a loss

I had to make my money back
Told my momma she could dye all her gray hair
Cuz they ain't comin back
Now I'm on top
And these niggas want to hate
They see I came from the block
And say he down the same way
And I got banked up by the cops
But got out the same day
And I pat myself on my back
Cause nigga...[Hook]
