Paralyzed

Chimaira

Whats that behind her back (Her Back)
Suffocated with a plastic bag
she grasps for air
next struggle her feet are nailed to the floorWhoaCarving again and again
Slicing away the flesh
(grunts)
Begging again and again
Praying for it all to end
The knife severs her spineParalyzed
Paralyzed
Hole in her spine
She is paralyzedOhBleeding from the back of her neck
Gagging from all the blood that's in her mouth
Breathing her last breath
Fighting to stay aliveParalyzed
Paralyzed
Hole in her spine
She is paralyzed[Solo]Paralyzed
Paralyzed
Hole in her spine
She is paralyzedParalyzed
Paralyzed
Hole in her spine
She is paralyzedOh...God...Look at that.
