Mixed Messages

Cliff Eidelman

You're sending me mixed messages
Mixed messages that I can barely work through
Where the heart lies
Which message is comin' truly from you
When I get too close to you
I feel the fear, can almost hear it
Then you call me late at night
Sayin' can I be with you wanna be with you
You're sending me mixed messages
Mixed messages that I can barely work through
(Aah)
Where the heart lies
(Aah)
Which message is coming truly from you
You keep your thoughts to yourself
To keep me guessin' while we're undressin'
Then you're gone for days on end and
Here we go again, here we go again
You're sending me mixed messages
(Aah)
Mixed messages that I can barely work through
Where the heart lies
(Aah)
Which message is coming truly from you
An' I can't keep bouncing 'round like this
Cut me loose then pull me in for a kiss
If you know what you want
I wish you would tell me, clearly
Wonder why it bothers me
I wonder why I even wonder why
If I had another lover well, would it get to you
Would I get through
This puzzle of mixed messages
Mixed messages, that I can barely work through
(Aah)
Where the heart lies
(Aah)
Which message is comin' truly from
You're sending me mixed messages

(Me)
Mixed messages that I can barely work through
(I can't get through)
Where the heart lies
(Lies)
Which message is coming truly from you
