

Beautiful Affair

Stockton's Wing

When you feel like laying low â€”
And the mountains seem no closer than beforeâ€”
And you wonder whyâ€”
You know in your mind it does no good to hide â€”
And the only way is living to surviveâ€”
It makes you feel alive

See all the doors swing open â€”
Your lifes unfolding before your very eyesâ€”
Such a strange affairâ€”
Walk in around come into the sound â€”
Forget your down feel the air â€”
Beautiful affair

There comes a time when you look aroundâ€”
And you see the ocean rise before your eyes â€”
Showing no surprise â€”
So you make you way down to the shore â€”
And you climb aboard and give your self a smile â€”
It makes you feel alive

Then all the doors swing open â€”
Your lifes unfolding before your very eyesâ€”
Such a strange affairâ€”
Walk in around come into the sound â€”
Forget your down feel the air â€”
Beautiful affair

See all the doors swing open â€”
Your lifes unfolding before your very eyesâ€”
Such a strange affairâ€”
Walk in around come into the sound â€”
Forget your down feel the air â€”
Beautiful affair
