

# Never Stop

## SafetySuit

This is my love song to you  
Let every woman know I'm yours  
So you can fall asleep each night, babe  
And know I'm dreaming of you more You're always hoping that we make it  
You always want to keep my gaze  
Well you're the only one I see love  
And that's the one thing that won't change I'll never stop trying  
I'll never stop watching as you leave  
I'll never stop losing my breath  
Every time I see you looking back at me  
And I'll never stop holding your hand  
I'll never stop opening your door  
I'll never stop choosing you babe  
I'll never get used to you And with this love song to you  
It's not a momentary phase  
You are my life, I don't deserve you  
But you love me just the same  
And as the mirror says we're older  
I will not look the other way  
You are my life, my love, my only  
And that's the one thing that won't change I'll never stop trying  
I'll never stop watching as you leave  
I'll never stop losing my breath  
Every time I see you looking back at me  
And I'll never stop holding your hand  
I'll never stop opening your door  
I'll never stop choosing you babe  
I'll never get used to you You still get my heart racing  
You still get my heart racing for you  
You still get my heart racing  
You still get my heart racing  
For you I'll never stop trying  
I'll never stop watching as you leave  
I'll never stop losing my breath  
Every time I see you looking back at me  
And I'll never stop holding your hand  
I'll never stop opening your door  
I'll never stop choosing you babe  
I'll never get used to you You still get my heart racing

You still get my heart racing for you  
You still get my heart racing  
You still get my heart racing for you  
You still get my heart racing  
You still get my heart racing for you  
You still get my heart racing  
You still get my heart racing  
For you
