Water From The Well

Beachwood Sparks

Going town to the water
I wanna let my heart grow
gonna break it down down and let it flow
Let it flow out like the water
like a river joins the sea
wished I could feel something
I just wanted to be free
Stepping over falling tree
it's hard to movin on nobody said that it was easy
to wanna go back to a time
when I hear myself breathe
that's a road I need to something
back once more than you could say
Going down to the water
I wanna let my heart grow
gonna break it down down and let it flow
Let it flow out like the water
like a river joins the sea
wished I could feel something
I just wanted to be free
