You're Gone

Lila McCann

Tell me one sweet lie
Tell me our love's just fine
And everything will be alrightSay you're not gonna leave
That you still love me
And we'll start all over tonightThat look is in your eyes
And all I can hear
Is the sound of goodbyeYou're gone
No two ways about it
Though you stand in front of me
It's real easy to seeThat you're gone
And it's time to face the truth
That my world just fell apart
And I don't know what to do
You're goneI could turn my head
Forget what we said
And all the words that cut like a knifeWhether you go or stay
You're gone either way
And I'll love you the rest of my lifeI can tell your mind is set
The words you didn't say
I will never forgetYou're gone
No two ways about it
Though you stand in front of me
It's real easy to seeThat you're gone
And it's time to face the truth
That my world just fell apart
And I don't know what to do
You're goneI'll never give up believing
And I know one day I'll win you back
And you'll love me just like I love you
But right now it's a matter of factYou're gone
No two ways about it
Though you stand in front of me
It's real easy to seeThat you're gone
And it's time to face the truth
That my world just fell apart
And I don't know what to do
You're goneOh, yeah
