Sun

D.H.T.

Tuh-Duhduh-Tuh-Tuh [x8]When the sun is coming through
I feel good
Sunshine all around
Where are you?Close your eyes and listen [x2]Tuh-Duhduh-Tuh-Tuh [x4]I can sing night and day
Throw your hands up and sing
Come and Party all night long
Won't you join me in the songWhen the night is coming out
I feel good
Moonlight all around
But where are youClose your eyes and listen [x2]Tuh-Duhduh-Tuh-Tuh [x4]I can sing night and day
Throw your hands up and sing
Come and Party all night long
Won't you join me in the songTuh-Duhduh-Tuh-Tuh [x4]
