The Rest Will Flow

Porcupine Tree

[Written by Steven Wilson]I was pretending to be floating strong
But I was sinking
In to still waterEyes closed
All of the rest will flowThen out of darkness I found I could still feel
Something good
Out of the woodsEyes closed
All of the rest will flowOne simple thing that I never could see
But now I know
All of the rest will flowStay with me my angel I found you
Now I don't feel low
All of the rest will flowEyes closed
All of the rest will flow
