

# Dreams

[Diana DeGarmo](#)

Dreams are just dreams when it's dark inside your head  
And all it takes is a little help from you, you know it's true  
That dreams are for real when you see what I see and you feel it too  
We took the longest road just to make it harder  
Let's do it all again, it only makes us stronger Dreams, I guess we're just made of dreams  
Nothin' else matters as long as we believe  
I'm lookin' at you and I see my life  
Passing before my eyes and when the journey's over  
And all my dreams come true, I dream of you What do you see when you look inside your heart?  
I live for can walk a thousand miles and change your life  
When dreams lead the way the impossible is suddenly in sight  
And every step you take just brings it all together  
You gotta keep the faith when all seems lost forever Dreams, I guess we're just made of dreams  
Nothin' else matters as long as we believe  
I'm lookin' at you and I see my life  
Passing before my eyes and when the journey's over  
And all my dreams come true, I dream of you You're the one that keeps my hope alive  
My vision clear, I'll spend my life with you  
Conquer fear, we'll make it through Dreams, I guess we're just made of dreams  
Nothin' else matters as long as we believe  
I'm lookin' at you and I see my life  
Passing before my eyes and when the journey's over  
And all my dreams come true, I dream of you  
I dream of you, I dream of you
