

Magic In Your Eyes

Rufus

Say there is magic in his mind
Reflecting in his eyes
It's that mystery draws me to you
This kind of voodoo's hard to find I detect a little gypsy in his smile
I think I'll stay for awhile
I need some lovin' it's my turn and
I got a little fire left to burn Oh if he would just remain
I'd show him how I could love him
Or I get the feeling that he knows me
From some other time before
Wonder how he could forget me
Can't explain why I'm comin' back for more
