Love Don't Work This Way

Hothouse Flowers

When I first met you, darling
Everything seemed so fine
Holdin' hands and roses
I really thought you were mineLove don't work this way, love don't work this way
Love don't work this way, love don't work this wayGonna grow my hair
Gonna hide my face
Gonna call your name
All over the place
I love you, darling
You know I do
My whole life
Revolves 'round youSaid, love don't work this way, love don't work this way
Love don't work this way, love don't work this wayThen you started to change, honey
Stopped looking my way
So I thought a lot
Dream a lot
Dreamt a lot
Thought a lot
I had to sayOh, love don't work this way, love don't work this way
Love don't work this way, love don't work this wayOh, love don't work this way, love don't work this wayGonna grow my hair
Gonna hide my face
Gonna call your name
All over the place
I love you, darling
You know I do
My whole life
Revolves 'round youSaid, love don't work this way, love don't work this way
Oh, love don't work this way, love don't work this wayOh, yeah, love don't work this way, love don't work this way
Oh, love don't work this way, love don't work this way
Oh, yeah(Love don't work this way)
(Love don't work this way)
Love don't work this way
(Love don't work this way)
Love don't work this way
(Love don't work this way)
Love don't work this way
(Love don't work this way)

Love don't work this way, love don't work this way
(Love don't work this way)
Love don't work this way, love don't work this way
