Must Be Love

Christina Grimmie

I was sitting at the mall with my friends on a Monday
Saying I was gonna leave this town
Leave this town, run away
But then you walked in and I think my heart done skipped a beat
One look and everything just froze
Like a rock rolling down a hill
Like a car with no one at the wheel
Take me to a doctor cause I'm shaking
I need water tell me do they have a pill
I'm feeling illIt must be love, it must be love
It must be love, it must be love
It must be love, it must be love
It's in my heart, it's in my body
It must be loveI'm working all day and night to stay busy, minding my business
Ain't looking for trouble, got no man upon my wishlist
But now you're in my head
Get outta there get here instead
One smile and everything just froze
Like a rock rolling down a hill
Like a car with no one at the wheel
Take me to a doctor cause I'm shaking
I need water tell me do they have a pill
I'm feeling illIt must be love, it must be love
It must be love, it must be love
It must be love, it must be love
It's in my heart, it's in my body
It must be loveDoctor beat my chest
Get out of my bones
Not ready for this
What's fun on my own
Clashes in my head and there must be something wrong
I don't know what you did
But I can't leave you aloneIt must be love, it must be loveIt must be love, it must be love
It must be love, it must be love
It must be love, it must be love
It's in my heart, it's in my body
It must be love
