

Coming Up

[Paul McCartney](#)

You want a love to last forever
One that will never fade away
I want to help you with your problem
Stick around, I say It's coming up, it's coming up
It's coming up like a flower
It's coming up, I say, yeah You want a friend you can rely on
One that will never fade away
And if you're searching for an answer
Stick around, I say It's coming up, it's coming up, oh baby
It's coming up like a flower
It's coming up, I say You want some peace and understanding
So everybody can be free
I know that we can get together
We can make it, stick with me It's coming up, it's coming up, pretty baby
It's coming up like a flower
Coming up, oh yeah
It's coming up You want a better kind of future
One that everyone can share
You're not alone, we all could use it
We can make it, we're nearly there It's coming up, it's coming up
Coming up like a flower
Coming up I say
Coming up, pretty baby Coming up, oh yeah
Coming up like a flower
Coming up, yeah
Oh, it's coming up, oh yeah
