Kiss Me Like You Mean It

Sara Paxton

He is my Lord, he is my savior
And he rewards my good behavior
My secret soul
I know he's seen itHe says, "Come here baby and
Kiss me like you mean it
He calls me baby
Says, "Kiss me like you mean it"He is my light and my salvation
He's always right, he's always patient
I pinch myself
It's like I'm dreaming itHe says, "Come here baby and
Kiss me like you mean it
He calls me baby
Says, "Kiss me like you mean it"He is my love, he's always been it
He says, "Come here baby and
Kiss me like you mean it
He calls me baby
Says, "Kiss me like you mean it"
