In Love We Trust

Jhene

Turn turn me up
Dont turn me down
Turn turn turn turn me up
Dont turn me down yeah!
Turn me up dont turn me down
Oh oh oh yeah yeah
I gotta I gotta slow down on you OK OK
In the heart of L.A theres a lost little girl
With a head full of the curls and the weight of the world on her shoulders
But her story gets colder hold up!
All the men that she's ever encountered
Have proved to be cowards misused and abused her and bruised her with power
Now her doubts getting louder
And all her tears are building up building up building up
And her fears are killin' her killin' her killin' herShe dont believe in love no more no more no more
She dont believe in love no no
But I believe in her yeah yeah yeah!
Cause I believe in love love love love
And love believes in us yes yes yesIn the streets of N.Y there's a guy whos just trying to get by
9 to 5 selling dope on the side
For his son turning one money grams every first of the month for his mom
Baby moms always calling with problems
Plus his brother in Harlem just got killed a drug deal that has gone wrong
With everything that's going onAll his tears are building up building up building up
And all his fears are killin' him killin' him killin' him
He don't* believe in love no more no more no more!
Dont believe in love!
But I believe in him yeah yeah
Yes I believe in him yeah yeah
And I believe in love
Cause love believes in us yes does does!She a bad little chick for I was all good living
I chase this bad rap life trying to find good in it
I had to tell her every city got a hood in it
All the time fine girls got me thinking I would hit it
Shes assuming me and him is just the same
But she should realize a real nigger and accept the change
Girl I got separate brains and they in separate lanes
One is chasing your love the other never thinks
I love the fact you filled with knowledge a freshmen in college

With the mindset "love life" won't help you prosper
Try to help you love life keep you from impostors
Maybe you just rap money give you a couple options
Really feel you deserve it and I dont think that often
Im just lost in facts that truth hits
Im riding around town with my new chick
Old chick on my mental man that shit is too sickNow all our tears are building up building up building up
And all our fears are killing us killing us killing us
We dont believe in love no more no more!
We dont believe in love
But love believes in us yes yes!
Cause love believes in us yeah!
