

# Swept Away

## Rhymesayers

The evil fell from your pretty mouth, wrapped in your classic voice  
    Angelic in your syntax, demonic in your motive  
    Your pretty eyes don't know that  
    The water flowing from this well isn't fresh  
    Demolish all that sets you up against your rising up  
    Confessing all that's broken and watch the healing come  
    Spread out your open hands, admit you've held them shut  
    Turn all the way around, be swept away by this  
    Time for surrender  
    Spread out your open hands and he will raise you up  
    Confessing all that's broken and watch the healing come  
    Spread out your open hands, admit you've held them shut  
    Be swept away by this

Your clothes are smooth and spotless, the air is putrid sewage down  
    Wind of your pressed church clothes  
    Your eyes are black and empty, your deeds are just for showing  
    How big and bright your fake smile glows  
    I see you moving and their getting scared  
    Their eyes are focusing on something else  
    Your staring at me and I stare at you  
    I rage against everything that you do  
    See them surrender  
    Spread out your open hands and he will raise you up  
    Confessing all that's broken, look at the healing come  
    Spread out your open hands, admit you've held them shut  
    Be swept away by this

I see you moving and they're getting scared  
    Their eyes are focusing on something else  
    You're staring at me and I stare at you  
    I rage against everything that you do  
    So get this hell out, get this hell out of my way  
    There's nothing more that you can say  
    So get this hell out, get this hell out of my way  
    Get this hell out, get this hell out of my way  
    We spread our open hands and he is rising up  
    Repairing all that's broken, look at the healing come  
    We spread our open hands, forgiveness holds them up  
    We're swept away by this
