

# Goodbye (interlude)

[Nina Sky](#)

I'm writin' this letter to  
Let you know that I'll be leavin' tomorrow  
Didn't want to go  
But ya pushed me to this point  
I don't know what to do  
I figured the first step was to let you know were through  
I'll be gone by mornin' time  
Won't ask you if you care  
You never showed you did  
And you were never there, never there  
I'm takin' all my things  
Oh yeah threw yours away  
Don't say a word or try and write me back  
I don't wanna be with you  
Listen to the guitar play  
Goodbye  
Ohh goodbye ohh
