

Another Try

America

Hey, Daddy just lost his pay
What did he do it for
It never made it through our door
He drank the whole week away
And what can a family say
There must be a better way
Now mama don't start to cry
Let's give him another try Pick up the telephone
Tell him you want him home
To sit and watch the evenings pass
And readin' the Leaves of Grass I'm caught in a closing door
It's pinning me to the floor
Now mama don't start to cry
Let's give him another try I'm caught in a closing door
It's pinning me to the floor
Now mama don't start to cry
Let's give him another try
