

Wanted

Rachel Diggs

You don't think you're special
You don't think you're strong
But when the sky is falling
You feel like you belong It might not be obvious
But you're not alone
We're going to let you wander
But never on your own And I don't know if I can help you
You could tell me all you need
Its all right, You're wanted
Tonight it's alright
You're wanted And your expectations
Are killing you slow
You're getting what you wanted
But pain is all you know You've got a new life now
There's much that you see
But those that really know you
Are few and far between And I don't know if they will help you
Do you tell them all you need?
Its all right you're wanted
Tonight it's alright
You're wanted And you couldn't be more wrong
When you say it won't be long
Til the stars are gone
And you, you've got to see
When you bleed you're never free
'cause life's not that easy. But tonight its alright
You're wanted
Tonight it's alright
You're wanted
Tonight it's alright
You're wanted
