You're the Only One

Brooke Hyland

I'm going back to the day we parted
And all the ways you were broken hearted
I take a trip everyday in my mind
I see your face, I recall a few word
It's playing back like a broken record
I remember every tear in your eye
If I knew what I know, I'd walk back in time
I would right every wrong
Ooh, I would change every line
Then you'll be here right now, just like yesterday
But you'd feel no more doubt
When you hear me say
You're the only one I want
You're the only one I need in my life
You're the only one I love
You're the only one I need in my life
I see the world through a haze of memories
And other girls don't mean a damn thing to me
It's kinda sad how they just don't compare
Time will tell, let's wait and see
If the love we had was meant to be
'Cos I know we got a future out there
'Cos you're still my girl, I don't care what they say
Let's go back to our world
Baby, don't you throw this love away
'Cos I still believe in the magic of us
It's just a the matter of time
And it's a matter of trial
You're the only one I want
You're the only one I need in my life
You're the only one I love
You're the only one I need in my life
Now girl, it took sometime to get real with myself
Now love ain't easy sometimes
But when you find it, let's stay together
You're the only one I want
You're the only one I need in my life
You're the only one I love
You're the only one I need in my life

You're the only one I want
You're the only one I need in my life
You're the only one I love
You're the only one I need in my life
You're the only one I want
You're the only one I need in my life
You're the only one I love
You're the only one I need in my life
