Intro to This Is Your Call

Summer Osborne

You feel a burning in your chest
You know youâ€™re different than the rest
and sometimes it makes you feel like you could cry
When youâ€™re looking at the World
Through the heart thatâ€™s on your sleeve
Rather than your saline eyes
Sometimes it scares you to death
and sometimes it stops you in your tracks
and sometimes it makes it feel like youâ€™re pushing for nothing
And then everything gets quiet
and the World moves in slow motion
and that little voice inside you whispers
Do something

This is your Call
Your Call to be the one
the one who will inspire
Have mountains turn to fire
that shines brighter than the sun
and you will not waiver
you will stand tall
you will be brave
Youâ€™re going to be the difference
between loving and resistance
so hear me when I say
You are able
youâ€™re willing
youâ€™re strong
This is your Call yes
This is your Call yes

You hear the thunder in your voice
you know you had no other choice
but to open up your mouth and just let it fly
When you look down at your hands
and you know the best laid plans
are the ones that push you up from deep inside
Theyâ€™ll try to make you believe
that you cannot question

what you see
That you should just lay low
but no oneâ€™s ever sown a seed
without breaking up the ground
and no oneâ€™s ever made history by settling for status quo

This is your Call
Your Call to be the one
the one who will inspire
Have mountains turn to fire
that shines brighter than the sun
and you will not waiver
you will stand tall
you will be brave
Youâ€™re going to be the difference
between loving and resistance
so hear me when I say
You are able
youâ€™re willing
youâ€™re strong
This is your Call yes
This is your Call yes

So be the love
and love will be
be the change
the change you wanna see
Wear what makes you feel good
Take who you want to prom
and I will sit with you
til thereâ€™s liberty and justice for all

This is your Call
Your Call to be the one
the one who will inspire
Have mountains turn to fire
that shines brighter than the sun
and you will not waiver
you will stand tall
you will be brave
Youâ€™re going to be the difference
between loving and resistance
so hear me when I say
You are able
youâ€™re willing

youâ€™re strong
You are able
youâ€™re willing
youâ€™re strong
You are able
youâ€™re willing
youâ€™re strong
This is your Call yes
Listen to me child
This is your Call yes
This is your Call
This is your Call
This is your Call
This is your Call
This is your Call
This is your Call
