When The Angels Sing

Social Distortion

At last we meet again
Dear God, hear the angels sing
The funerals are nicer when we know you're there
When the angels sing
Sometimes I try so hard to understand
The things you do
Who am I to question you when it all comes down
Hear the angels sing
Stand up strong, feel the pain
Hear the angels sing
Love and death don't mean a thing
'Till the angels sing
The prisoners pray when they're on death row
Hear the angels sing
The junky cries for love, but it's all run out
When the angels sing
The sins of the world and it's cold on the streets
When you're all alone
And the tears they start to fall when it all comes down
Hear the angels sing
Stand up strong, feel the pain
When the angels sing
Love and death don't mean a thing
'Till the angels sing
Little by little, day by day
I watch the children play
'Cause life and death don't mean a thing
'Till the angels sing
When the Angel of Death comes looking for me
Hear the angels sing
I hope I was everything I was supposed to be
When the angels sing
There's gotta be a heaven
'Cause I've already done my time in hell
And a little baby's born, when it all comes down
Hear the angels sing
Stand up strong, feel the pain
When the angels sing
Love and death don't mean a thing

'Till the angels sing
Little by little, day by day
I watch the children play
'Cause life and death don't mean a thing
'Till the angels sing
