

# Just a Little More

## California Crooners Club

Yeah

It started 'bout a week ago

When we was in the studio

We come up with

Decided it be coolness

like they did before

We sang a couple oo's and ah's

Mix it with some suit and ties

Like they did with Temper?, Lake?, Sinatra

Plus a little NOS (work)

Plus a little NOS (work), plus a little NOS (hey hey)

Plus a little NOS (hey), plus a little NOS (let's work)

Plus a little NOS (work), plus a little NOS (hey hey)

Plus a little NOS (hey), plus a little NOS (let's work)

Button up the tie, fly in the mirror

Worked all week for the

Friday Night Feeling

Jump in the club

Pump on the D-Floor

Girls going Guys pretend they

Feel their hearts go uuuuupp

Go uuuuupp

Go uuuuupp

Go uuuuupp

Spin the record, turn it up

Here we go (hey-oh)

With the big bang beatin'

on the ceiling (hey-oh)

DJ got me feeling way up (hey-oh)

If you're feeling triple C

Let me hear ya (woah-oh-oh)

Just a little more, Just a little more (ohhh-ohhh-ohhh)

Just a little more, Just a little more (woahh-ohhh-ohhh)

Just a little more, Just a little more (ohhh-ohhh-ohhh)

Just a little more, Just a little more

I flew in on a jumbo

From the land they call Downunder  
Now I landed in a country  
Where the dreams are made and broken  
But tonight the dreams are flowinâ€™<sup>TM</sup>  
And the feelings getting high  
Now from Broadway to Ibiza  
Gonna get my name in lights (hey hey)  
Get my name in lights (hey hey), get my name in lights (hey hey)  
Get my name in lights (hey hey), get my name in lights (hey hey)  
Get my name in lights (hey hey), get my name in lights (hey hey)  
Get my name in lights (hey hey), get my name in lights (hey hey)

Looked at the time  
3 in the morning  
Itâ€™s all good cos  
The partyâ€™s still going  
Late to the dates  
Dancinâ€™<sup>TM</sup> on the tables  
Letâ€™s blow the roof  
While weâ€™re singing out La Boheme?  
woah-oh  
woah-oh  
woah-oh  
CC

Spin the record, turn it up  
Here we go (hey-oh)  
With the big bang beatinâ€™<sup>TM</sup>  
on the ceiling (way-oh)  
DJ got me feeling way up (hey-oh)  
If youâ€™re feeling triple C  
Let me hear ya (woah-oh-oh)

Just a little more, Just a little more (ohhh-ohhh-ohhh)  
Just a little more, Just a little more (ohhh-ohhh-ohhh)  
Just a little more, Just a little more (ohhh-ohhh-ohhh)  
Just a little more, Just a little more

From LA to Johannesburg  
They always wanna capture me  
Swear theyâ€™ll Love Me Tender  
The King, Presley  
Feeling like Iâ€™m James Bond  
Every time I put it on  
Raise a couple bottles in the air we got another one. (hey)

And another one, and another one (hey)  
And another one, and another one (hey)  
And another one, and another one (hey)  
And another one, and another one (hey)

We are the moment  
We do what we feel  
So no matter what happens  
We'll always be here  
Woah-oh-oh

Just a little more, Just a little more (ohhh-ohhh-ohhh)  
Just a little more, Just a little more (ohhh-ohhh-ohhh)  
Just a little more, Just a little more (ohhh-ohhh-ohhh)  
Just a little more, Just a little more (ohhh-ohhh-ohhh)
