We Don't Belong Here

Taproot

She's standing by her lonesome
in this dead end empty space
the heavens cry upon her
and wash our sins away
we are gathered together
to say that we remember
if she could only know that
right now she's not alone
with you on her left
and me on her right
she guides us into the light

we are gathered together(her, you , and i today)
to say that we remember
we don't belong here
we are gathered together(her, you, and i today)
to say that we remember (last goodbye we say)
bury the sunset deep horizon
6 feet separate
but i wanna go and you wanna stay
just as a voice
we hear her say
"You don't belong here."
