

Alive

Doug Pierce

Altogether now
We Lift our praises loud
To the risen King
Who died to set us free

Lord you died in my place
Then you rose from the grave
Jesus, You are alive in me
You are conquering death
With my every breath
Jesus, you are alive in me

You revive my soul
Filling me with hope
Waking me within
Dreaming once again

Lord you died in my place
Then you rose from the grave
Jesus, You are alive in me
You are conquering death
With my every breath
Jesus, you are alive in me

By your death and resurrection
We have found our hope
You are living you are loving
You revive our souls
