

Nobody

Jawan Harris

Baby girl uuu I love you girl
Baby no one love me like you
 All I need is you
 Oh,
 Baby baby you drive me crazy
 I'm so stuck on you
 Your so tasty
 Sweeter than a baby
 I wanna kidnap you
 Uuu I wanna make you mine
 I got so much time
 Make it through to you (cause I want you)
 Save me
 Take me far away
 Give my heart with you
 No one see it
 ? believe it
 All I need is you
 Baby I'm the boy you've been dreamin of
 And waiting for
 Nobody
 Nobody
 No---body.....compare to you
 Love me like the way you do
 I need you
 Do you love me
 Don't you ever break my heartBaby baby I can't believe you
 Open up my heart

 Love is endless swimming with emotion
 So glad that its you...
 Uuuu, I wanna take you home and met my moms and pops
 I wanna tell the world
 Words can not explain how much I want you
 No one knows the truth
 ?
 Baby I love you
 Uuu I wanna make you mine
 I got so much time

Make it through to you
Nobody
Nobody
No---body.....compare to you
Love me like the way you do
I need you
You got me
Don't you ever break my heart
No---body.....compare to you
Love me like the way you do
I need you
You got me
Don't you ever break my heart
Nobody
Nobody
Nobody
Nobody
One yeah.....
