Let Me Be

Youth Brigade

You think you know me
You don't know shit
Talking about me have we ever even met?
Don't wanna hear another word about me from you and if I do you'll curse the day you opened your mouthOh just let me be don't get close stay away from me
I don't want your sympathy
Don't need your help
This is my life
Get the hell outYou don't need violence to hurt someone
There are many ways to kill without taking a life
The only hurt greater than heartbreak is death
but at least when you die it's usually quickOh just let me be don't get close stay away from me
I don't want your sympathy
Don't need your help
This is my life
Get the hell outI don't need anyone to tell me all the things I could have done
If you're a friend you'll leave me aloneYou think you know me
You don't know shit
Talking about me have we ever even met?
Don't wanna hear another word about me from you and if I do you'll curse the day you opened your mouthOh just let me be don't get close stay away from me
I don't want your sympathy
Don't need your help
This is my life
Get the hell outOh just let me be don't get close stay away from me
I don't want your sympathy
Don't need your help
This is my life
Get the hell out
